Terazi fazla yüklü

If the scale does not function properly, try cutting the power supply by removing the batteries. Then replace the batteries and start again.

Si le pèse-personne ne fonctionne pas correctement, essayer de couper l'alimentation en enlevant la pile. Ensuite replacer la pile et redémarrer le pèse-personne.

Wenn die Waage nicht korrekt funktionniert versuchen Sie die Batterie herauszunehmen. Dann legen Sie die selbe Batterie wieder hinein und starten Sie erneut

Als de weegschaal niet werkt, schakelt u de stroom uit door de batterij te verwijderen. Vervang de batterij en start opnieuw.

Om vågen inte fungerar ordentligt, prova med att bryta strömmen genom att ta bort batteriet. Sätt i batteriet igen och starta om vågen.

Hvis vægten ikke fungerer, som den skal, kan du prøve at afbryde strømmen ved at fjerne batterierne. Sæt batterierne i igen, og tænd en gang til.

Se la bilancia non funziona correttamente, provate ad interrompere l'alimentazione elettrica togliendo la batteria. Sostituite quindi la batteria e riaccendete.

Si la báscula no funciona correctamente, intente cortar el suministro eléctrico extrayendo las pilas. Entonces, sustituya las pilas y vuelva a comenzar.

Se a balança não funcionar correctamente, experimente cortar a alimentação retirando a pilha. De seguida, volte a colocar a pilha e recomece.

Toimintahäiriöiden esiintyessä katkaise virta poistamalla paristo. Aseta paristo takaisin ja aloita alusta.

Αν η ζυγαριά δεν λειτουργεί σωστά, προσπαθήστε να διακόψετε την τροφοδοσία ρεύματος αφαιρώντας τις μπαταρίες. Στη συνέχεια, αντικαταστήστε τις μπαταρίες και θέστε ξανά σε λειτουργία τη συσκευή.

Eğer tartı düzgün çalışmıyorsa güç kaynağını durdurabilmek için pilleri yerinden çıkarın. Daha sonra pilleri takıp; aleti tekrar açın.
